

LEEC Roller Tilt Top Trolley

Stainless steel trolley fitted with an upper roller frame to allow simple tray transfer to/from a stacking trolley from either end. The frame is fitted with a lever mechanism which locates and lifts the tray by some 60mm for drainage purpose.

FEATURES:

- Fully welded construction
- 304 grade stainless steel construction throughout
- Removable, stainless steel, tray locking pin
- Full width, free running PVC coated roller, easy to clean
- Lever operated tilt mechanism
- 4 x 125mm diameter, braked castors
- Compatible with LEEC sinks and equipment
- Rated to 180 kg lift
