

# Wellbeing Amara Single Lever Mixers

HIGHLY VISIBLE INDICATORS

COMFORTABLE & EASY TO USE

BALANCE OF STYLE, FUNCTION & FAMILIARITY

MORE INFO

## Design Inspired by User Comfort and Wellbeing

Motivated by our passion to help those with limited hand mobility, the Wellbeing Amara range of single lever mixers offers functional advantages of comfort, ease of use, operating simply and reliably. The handle has been designed so that it is easy to manoeuvre for those who have motor skill and hand dexterity challenges. Highly visible colour indicators help those living with dementia and those who are visually impaired.

A blend of style and function makes it a great choice for Aged Care. Wellbeing Amara helps to create that sense of affinity with the family home which is considered particularly important when transitioning and living in a new and unfamiliar Aged Care environment.

### Wellbeing Amara Basin Mixer

- Easy to use, easy to hold handle design
- Highly visible colour indicators, positioned to be seen from a seated or standing position
