# Chilled Water Solutions

Ensure everyone is well hydrated by providing a healthy drink option with instant chilled water. Our water chillers offer a constant supply of chilled mains water and environmentally friendly alternative to buying bottled water and reducing the use of plastic packaging.

Models to suite every application, including worksites, schools, universities, gymnasiums, municipal buildings, public areas, and workplaces, factories and warehouses.

## Free Standing Water Chillers

Clever and practical free-standing chillers deliver cool, fresh, mains pressure drinking water at the press of a button.

- Flow rate of up to 18 litres/hour of chilled water
- 4 Litre storage tank
- Hygienic, easy to clean, polished stainless-steel tops designed for rapid draining
- Adjustable levelling feet
- Front access panel and side handles for easy installation
- FDA approved internal pipework
- Environmentally friendly R134A refrigerant
- Carafe/Glass Filler

### Options:

- Bright stainless or white power coated finish
- Carbon filter

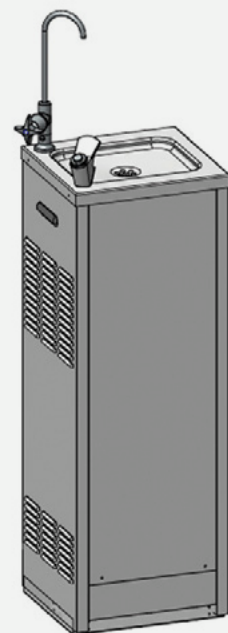

**Code:** DFSA120

## Freestanding Water Chiller with Bubbler & Heavy-Duty Bottle Filler

- Flow rate of up to 18 litres/hour of chilled water
- 4 Litre storage tank
- Heavy duty cam action bottle filler
- Heavy duty high spout allows most sports bottles to fit underneath
- Drinking bubbler can be removed, to optimize hygiene, with supplied deletion kit

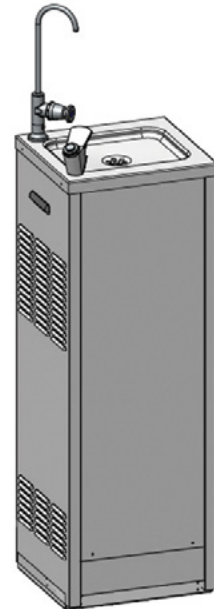

**Code:** DFSA121-CBF

## Freestanding Water Chiller with Hands-Free Bottle Filler

- Flow rate of up to 18 litres/hour of chilled water
- 4 Litre storage tank
- Heavy-duty push-button bottle filler positioned to be activated by bottle encourages hands free, hygienic operation.
- Hygienic, polished stainless-steel tops designed for rapid draining
- Supplied with bottle filler ready to fit and includes delete kits for bubbler if it is not required

**Code:** DFSA121-PBBF
