

Concealed Spindle Bib Tap FI 50mm Extended with Aerated Outlet - Jumper Valve

CS322F

Concealed spindle tapware series is robust and vandal resistant. The ergonomically designed handle features a dress skirt which conceals the anti-vandal handle fixing and spindle, for aesthetics and easier cleaning. Ideal for commercial, institutional and public amenity applications.

KEY FEATURES

- Jumper Valve
- Fixed spout bib tap
- 3 Star WELS (8 L/min) aerator supplied standard. 5 Star WELS (6 L/min) aerator available on request - specify when ordering
- Vandal-resistant internal locking ring secures the handle which requires special key to release (key supplied)
- Blue (Cold) indicator button supplied standard. Yellow (Warm) and Red (Hot) available on request - specify when ordering.
- Serviceable with all wearing components replaceable, thus providing an even longer life
- Constructed from dezincification resistant (DR) brass
- Durable bright chrome finish
