

Type B Washbasin Kit with Elbow Lever System

After comprehensive, laboratory and field testing and feedback from user groups, Enware has produced a functional Type B Handwash Station Kit.

Providing a simple and compliant solution to the requirements of the Australasian Health Facility Guidelines and to meet hospital hand wash guidelines and aid in infection control whilst still being user friendly with easy maintenance.

Ideal for hospitals, health care and research facilities. Kit is made up of Enware D Shape basin complete with shroud and Leva wall mounted surgeon set.

KEY FEATURES

- Designed in accordance with the Australasian Health Guidelines for Type B wash basin stations
- Spout and waste positions staggered to optimise infection control
- Elbow-operated lever action mixer to prevent cross-contamination. LEV150420 - Wall mounted surgeon mixing set with 265mm spout reach
- Basin design is anti-waterharbouring with no overflow for better infection control
- Fully rimmed basin for better water and splash retention
- Supplied with shroud for superior infection control
- Low maintenance
- Easy access to waste
