

Leva 80mm Sequential Basin Mixer - No Spout

The Leva range combines outstanding quality with functional, sleek design. For easy palm and wrist activated tapware, the LEVA 80 series delivers an extensive choice with greater control, particularly for arthritis sufferers. For accessible applications LEVA also delivers the benefits of easier reach, operation and control.

The sequential lever turns progressively from “off” to “cold” to “mixed”. This enhances safety, reduces hot water consumption and potentially reduces risk of Legionella.

FEATURES

- Robust construction for superior performance
